Draft Inventory Town of Babylon Municipal Facilities for Post Construction Maintenance and Best Management Documentation Program

Prepared by
Richard Groh, Chief Environmental Analyst
And
Kelly Siry Environmental Intern
Lyla Dale Environmental Intern

Victoria A. Russell, Commissioner of Environmental Control

Tom Stay, Commissioner of Public Works
Town Of Babylon

Update May 2016

Introduction

This Post Construction and Best Management Practice report is part of the Town of Babylon's documentation of its Municipal Storm Water System (MS4) Program. The report identifies the post construction maintenance practices and also best management and good housekeeping practices undertaken for each town facility. This will help the Town of Babylon to reach the important goal of protecting and improving the water quality of its highly valued surface waters. The town has approximately 54 facilities (facilities are now under review), including 2152 miles of town roads that have varied maintenance requirements based on the type of infrastructure and environmental conditions. All of these sites will be inspected annually utilizing the Uniform Inspection Sheet developed by the Town and provided in the Town of Babylon Stormwater Management Program Plan.

The information on this map was derived from digital databases on the Town of Babylon's GIS. The data represented on this map has been compiled by the best methods available. The Town of Babylon assumes no legal responsibilities for the information or accuracy contained on this map. This product is for informational purposes and may not have been prepared for, or be suitable for legal, engineering, or surveying purposes. Users of this information should review or consult the primary data and information sources to ascertain the usability of the information.

The map above map shows all Town of Babylon Facilities

Following are all facilities and the type of each maintenance activity and preliminary identification of best management practices (BMP) employed.

1. Town of Babylon Highway Yard
1023 N Indiana Ave, Lindenhurst, NY 11757
Tax ID 0100154000400073000
12.73 acres

Site Description: This is the main facility for the Town of Babylon Department of Public Works. Located behind Babylon Town Hall; it includes fleet maintenance shop, sign shop, street lighting building, an enclosed stock pile of salt, a stock pile of clean fill. It also includes an impound yard and a fuel facility station for municipal trucks, equipment and cars.

Drainage: 9 drainage basins: 4 drop and 3 curb inlet catch basins located around fuel depot at southeast corner of property. Additional 2 basins within yard on north edge of property line.

Stormwater Management Practice (SMP): A storm water pollution plan/Multi-Sector Permit is being prepared for this site. Additional best management practices include proper disposal of fluids, tank inspection and recordkeeping, spill response, covering tires and steel roll off, and street sweeping within the facility.

2. Sawyer Ave. Park Complex/West Babylon Youth Center
129 Sawyer Ave, West Babylon, NY, 11704
Tax ID 0100211000100012000
8.56 acres

Site Description: A nonprofit organization that offers sport programs and other activities to children in the community.

Drainage: 11 total catch basins. 3 catch basins in parking area adjacent to pool on Berkshire Rd. 1 catch basin located in parking area adjacent to tennis courts on Sawyer Avenue. 7 catch basins in Sawyer Avenue parking lot adjacent to hockey rink and tennis court.

SMP: The maintenance of this facility involves regular litter removal and street sweeping 4 times a year.

West Babylon Youth Center
