

# SAVE THE DATE

EAST FARMINGDALE

## DESIGN CHARRETTE

January 30 – February 3, 2017

**Supervisor Rich Schaffer, Deputy Supervisor Antonio Martinez, and the Babylon Town Board invite you to participate in the East Farmingdale Design Charrette and share your ideas!**

Show us what makes East Farmingdale a place worth celebrating. In the past, we have discussed the need for diverse housing choices, vibrant places to retain young people, and a vital business community. Now is your chance to help describe the desired form and character for future development around a reopened Republic Train Station near the intersection of Route 110 and Conklin Street. Input gathered during the charrette will shape updates to the Town Code to ensure high quality built results.

Any questions, please call Jennifer at 631-957-3080 or email [jcampagnone@townofbabylon.com](mailto:jcampagnone@townofbabylon.com). Hope to see you there!
